Danielle Mullins (Cleveland High School Athletic Trainer)

Danielle Mullins began working at BenchMark Physical Therapy as the head athletic trainer at Cleveland High School in 2016. Prior to working at BenchMark, Danielle was an assistant athletic trainer at Bryan College where her primary sports were women’s basketball and baseball. She earned her Master of Education degree at The University of West Georgia in 2015 where she provided athletic training services for UWG volleyball and women’s basketball as a graduate assistant athletic trainer. She earned her Bachelor of Science degree in Athletic Training at Lee University. Danielle is originally from Cleveland, Tennessee.

Fred “Jersey” DeMarco (The McCallie School Head Athletic Trainer)

Fred "Jersey" DeMarco is in his third year at McCallie and has been a certified athletic trainer for the last 15 years. He has lived in the Chattanooga area for the last 14 years and has provided sports medicine coverage for Brainerd, Howard, Tyner, Lakeview-Fort Oglethorpe, Lafayette, Grundy, and Dade County athletic programs. He is originally from Cherry Hill, N.J. and attended Rutgers University where he received his bachelor’s degree in exercise science and started his career in athletic training working with the Basketball, Men’s Soccer, Football, and Track & Field Programs. "Jersey" then went on to receive his Masters of Athletic Training from Old Dominion University in Norfolk, Va., where he was put in charge of the athletic training services for Booker T. Washington High School. He then moved to Chattanooga in 1996 to take a job with Erlanger Sports Medicine and later with Hucheson Hospital. He also started his own successful personal athletic training business before finally landing a job at McCallie to pursue his passion for athletic training and help boys reach their potential.
Randy Wilkes (Ooltewah high school Head Athletic Trainer)

Randy Wilkes MS ATC graduated with a bachelors of science in Sports Medicine and Athletic Training from Valdosta State University class of 2004. Received a masters Degree in Health and Human Performance with a concentration in Advanced Athletic Training from University of Tennessee at Chattanooga. Currently serves as athletic Trainer for The Center For Sports Medicine and Orthopedics assigned to Ooltewah High School. Married to Tiffany Wilkes with two Children Loa and Trey.

Bob Nevil (Center for Sports Medicine and Orthopedics, Physical Therapist)

Bob Nevil received his Bachelor of Science in Physical Therapy from Ithaca College and did graduate work in Health Education at the State University of New York at Buffalo. Over a 43 year career span as a dually credentialed athletic trainer, Bob has treated professional, collegiate, Olympic, high school and recreational athletes. He is a past president of the Tennessee Athletic Trainers Society and currently serves as a Chair of Honors and Awards committees within the National Athletic Trainers Association, the Southeast Athletic Trainers Association and the Tennessee Athletic Trainers Society. Bob is married with two daughters who have blessed him with four grandchildren.

Kim Tucker (Center for Sports Medicine and Orthopedics, Athletic Trainer/Physical Therapist Assistant)

Kim Tucker is a graduate of the University of Tennessee at Chattanooga with a BS degree in Exercise Physiology. In 2000, she received her PTA/L while living in Washington state as her husband served in the Navy. In 2004, she obtained her ATC/L as well as CSCS and since has worked with area high schools in various sports along with the Cleveland Magic semi-professional basketball league all while continuing to work in an outpatient orthopedic rehab setting. She has continued her learning by gaining certifications such as CEFE, ASTYM Cert, CKTP and various orthopedic manual therapy
course completions along the way. She is a member of the APTA, NATA, and NSCA. Kim is a native of Cleveland and she and her husband and three children.

Bryan Clary (Center for Sports Medicine and Orthopedics, Physical Therapist)

Bryan Clary has been a Physical Therapist with the Center for Sports Medicine and Orthopedics in the Cleveland Clinic for 6 years. He is a 2010 Graduate of the University of Tennessee at Chattanooga’s Doctor of Physical Therapy program where he currently teaches as adjunct faculty. Bryan has certifications in dry needling, manual therapy, Functional Movement Screening, and Selective Functional Movement Assessment. In addition, he completed his boards clinical specialty in Sports in 2015. In 2015, Bryan was presented with the "New Horizon" award by the Tennessee Physical Therapy Association for outstanding contributions to the field of Physical Therapy. In 2016, he was named a fellow in the Kevin Wilk Traveling Sports Fellowship. He is active in the TPTA in which he serves as the Chattanooga District secretary and is a state delegate-at-large.

Lhmell Igot (Alliance Physical Therapy, Physical Therapist)

Picture and bio currently unavailable

Dr. Todd Grebner (Orthopedic Doctor, Center for Sports Medicine and Orthopedics)

Dr. Todd Grebner, D.O. has a broad range of expertise and experience as an orthopedic surgeon, a physical therapist and as a distinguished member of our nation’s military forces. A native of Illinois, he grew up in a small farming community before attending the University of Illinois where he graduated with honors. He then moved south where he completed his Masters degree in Physical Therapy at the University of Alabama in Birmingham. After specializing in orthopedic and
sports physical therapy for 4 years, he was accepted into Medical School at Midwestern University in Chicago. He completed his Internship and his Residency in Orthopedic Surgery at Ohio University where he was awarded Outstanding Intern. While in Ohio, he had the privilege of receiving additional sports medicine training working with the Cincinnati Reds team physician; he also had foot and ankle surgical training working with the Cincinnati Bengals medical team. He received additional trauma surgery training at Tampa General Hospital in Tampa, Florida. Most recently, Dr. Grebner moved from Wichita Falls, Texas where he was stationed at Sheppard Air Force Base serving active duty as a Lieutenant Colonel in the United States Air Force. During his military career, he received the Distinguished Graduate/Honor Flight member award in Officer Training School and the Meritorious Service Medal for outstanding achievement and distinguished military service in a level of high responsibility. Dr. Grebner served our country overseas in Operation Enduring Freedom where he was the Chief Orthopedic Surgeon for the 379th Expeditionary Medical Group. Dr. Grebner is a board certified orthopedic surgeon and a member of the American Osteopathic Association, the American Osteopathic Board of Orthopedic Surgeons and the American Academy of Orthopedic Surgeons. He enjoys family time, physical fitness, classic cars, anything football and country music. He and his wife, Marcie look forward to settling into the community with their young son, Colten.

Dr. Benji Miller (Orthopedic Doctor, Center for Sports Medicine and Orthopedics)

Dr. Benji Miller, M.D. is a board eligible orthopedic surgeon who treats musculoskeletal conditions resulting from injury, overuse, and arthritis. He has special interest in arthroscopy and total joint replacement. He attended Freed-Hardeman University in Henderson, Tennessee where he received a Bachelor’s in Biology. While in college, he lettered in golf. He spent one year of graduate training in rural and community medicine at the University of Alabama prior to entering the University of Alabama School of Medicine where he earned his Doctor of Medicine in 2008. Dr. Miller continued his education at the University of Arkansas for Medical Sciences where he performed his orthopedic residency. As a chief resident he received the Dr. Carl L. Nelson Leadership Award as chosen by the faculty. He completed a Sports Medicine and Arthroscopy fellowship at the Mississippi Sports Medicine and Orthopedic Center in Jackson, Mississippi. While in training he worked alongside experts in shoulder, hip, and knee arthroscopy, as well as shoulder and knee total joint replacement. He was fortunate to work with very well respected physicians in the field of sports medicine including Dr. Buddy Savoie, an elbow and shoulder specialist, Dr. Larry Field, a shoulder and arthroscopy specialist, and Dr. Walter Shelton, a knee specialist. He was also able to work with Dr. Rhett Hobgood, a shoulder specialist with particular interest in reverse and total shoulder replacement; as well as Dr. Jason Craft, a hip and knee arthroscopy specialist. During his fellowship he was provided extensive exposure to athletes in all fields of sports medicine. He was heavily involved in team coverage during his time in Jackson and was the team physician for Jim Hill High School and Jackson State University.
Dr. Shay Richardson, M.D. has primary residency training in Emergency Medicine and sub-specialty in Sports Medicine and Interventional Pain Medicine. He is one of the only physicians in the country who holds this unique combination of specialties. He completed his two-year fellowship in Sports Medicine and Interventional Pain at John Peter Smith Hospital in Fort Worth, Texas, the largest Sports Medicine Fellowship in the country, where he was named Outstanding Sports Medicine Fellow. Over the course of his training, Dr. Richardson served as a physician for numerous high school and college programs including the Texas Christian University football and basketball programs. He also served as the event physician for a variety of sporting events including the US Senior Open, the Dayton Air Show and Golden Gloves Boxing. Prior to his fellowship training, he performed his residency training at Wright State University School of Medicine in Emergency Medicine and he completed his Medical degree from the Medical College of Wisconsin. He holds a Bachelor of Arts degree in Biology with a minor in Biblical Studies from Cedarville University. With his combined training, he is Board Certified in Emergency Medicine, Sports Medicine, and Pain Medicine. His focus with the practice will be Non-operative Sports Medicine and Interventional Musculoskeletal Medicine. Dr. Richardson also assists Dr. Robertson as team physician of the Chattanooga Lookouts. Dr. Richardson has three children; Carley, Elyjah and Judah. He and his wife, Candie, live with their children in Hixson. Dr. Richardson enjoys sports, outdoor activities, music and spending time with his family.
A native of Cleveland, Dr. Jason Spangler, D.O. attended Bradley Central High School where he played basketball and baseball. He remained in the area, continuing his baseball career at Lee University, where he majored in Biology, served as team captain, was selected as NAIA All-American Scholar Athlete, received the Champion of Character Award and graduated Magna Cum Laude. Dr. Spangler attended Virginia College of Osteopathic Medicine where he worked with Virginia Tech team physicians during basketball and football seasons. A five year orthopaedic surgery residency took him to Grandview Medical Center in Dayton, Ohio and afforded him additional hands on opportunities. He served as team physician for the nationally recognized Centerville High School football team and trained several weeks with the Indianapolis Colts team physicians, the Cincinnati Reds team physician and the Cincinnati Bengals foot and ankle specialist. After completing his residency, he was accepted into the Wake Forest University Sports Medicine Fellowship program. While in Winston-Salem, he was fortunate to continue his extensive sports medicine and team coverage opportunities by serving as one of the team physicians for the Wake Forest University basketball and baseball teams and for the Winston Salem State University football team. Dr. Spangler also provided team coverage for the Winston Salem Dash, a minor league affiliate of the Chicago White Sox and served as a volunteer physician for Kyle Petty Charity Motorcycle Ride. Dr. Spangler specializes in arthroscopic surgery with his main focus in shoulders, hips and knees. He also has extensive training in total shoulder, total hip and total knee replacements and a special interest in treating overhead athletes as well as treating other sports-related injuries.
