Authorization for School to Use Loan Funds to Satisfy Other Charges

Your Direct PLUS Loan will be applied to the student's school account to pay for tuition and fees, and room and board. By selecting the box below, you authorize the school to use your Direct PLUS Loan to satisfy other educationally related charges that the student incurred at the school. Examples of other charges that may be paid with your authorization include, but are not limited to, library fines, campus parking tickets, lab fees, and charges for minor damage to school property.

You aren't required to provide this authorization. If you provide this authorization, you may revoke or modify the authorization at any time by contacting the school.

I authorize the school to use my Direct PLUS Loan to pay for other educationally related charges that the student incurs at the school, as described above.

7. Select the school the loan should go to.
8. Choose an option for "Loan Amount Requested." If you decide to specify an amount, be sure to include the origination fee in the requested amount. Origination fees are currently just over 4.2%. The most up to date origination fee information can be found on <https://studentaid.ed.gov/sa/>.

Loan Amount Requested

For each academic year, you may borrow up to - but not more than - the school's cost of attendance, minus the amount of other financial assistance that you receive (if you are a graduate or professional student) or that the student receives (if you are a parent borrower). The school determines the cost of attendance based on federal guidelines. It is important not to borrow more than you can afford to repay, even if you are eligible to borrow more.

- I want to borrow the maximum Direct PLUS Loan amount for which I am eligible, as determined by the school.
